(7) Applicants for variances or exceptions from or amendments to this ordinance shall file a written request therefor with the Secretary of the Zoning Board on forms prescribed by him. Applicants shall be required to pay a fee of Ten Dollars (\$10.00) at the time of filing such application; provided, that in the event a special meeting of the Zoning Board is requested or required for consideration of the requested change the applicant shall be required to pay a fee of Twenty Five Dollars (\$25.00) at the time of filing such application. No application for any change shall be heard or considered by the Zoning Board except after written application therefor and payment of the fee as above set forth; but the Zoning Board, on its own initiative or upon the request of the City Commission, may make recommendations to the City Commission of amendments to this ordinance which it may deem proper or expedient, after notice as above provided to the owners of affected property, if any, in all cases where the proposed amendment will reduce the minimum building area requirements more than 5%, or change the permitted use, of any specifically designated property.

Whenever any application for change of zoning shall have been finally determined, no other or further application for change of zoning with reference to the particular property affected by said application, or with reference to other property similarly situated, will be considered for a period of six months following the date of such action. Should conditions affecting such property materially change in the opinion of the City Commission, or should a modified plan of rezoning be presented to the City Commission, either of which, in the opinion of the Commission would justify action before the

expiration of such six month period, the Commission, by a four-fifths majority may permit the filing of such application for rezoning notwithstanding this ordinance. (681)

(8) Each member of the Zoning Board, except the Chairman, shall be remunerated in the sum of \$5.00 for each regular or special meeting of the Zoning Board attended by such member. The Chairman shall be remunerated in the sum of \$7.50 for each regular or special meeting attended by him.

(9) An appeal from any decision of the Zoning Board upon any matter initiated before such Board, or before it upon appeals from decisions of the Board of Supervising Architects, Structural Engineer, or Building Inspector, may be taken to the City Commission by any person who is aggrieved by such decision, or by any officer of the City. Any person desiring to appeal a ruling of the Zoning Board shall, within thirty days from the date of such ruling, file a written notice of appeal with the City Clerk, whose duty it shall then become to send written notice of such appeal to all persons who were required by the Zoning Board to be notified of the hearing before such Board; the matter shall then be heard by the City Commission at its next regular meeting, provided at least ten days shall intervene between the time of the filing of the notice and the date of such regular meeting; and if ten days shall not intervene between the time of filing of the notice and the date of the next regular meeting, then the appeal shall be heard at the next following regular meeting of the City Commission. An appeal to the City Commission shall stay all proceedings in furtherance of the action appealed from, until the final disposition of the appeal.

(10) Variances and exceptions from the terms of this ordinance, not involving a change of use, or a reduction of minimum building area requirements of more than 5% of specifically designated property, may be authorized or permitted by the City Commission, by resolution, from time to time as it may deem necessary or proper. Any other change or amendment to this ordinance shall be made only by ordinance duly passed and adopted by the City Commission. Any proposed variance, exception or amendment from or to this ordinance which has failed to receive the recommendation of the Zoning Board shall not be passed except by the affirmative vote of four-fifths of all the members of the City Commission. No amendments reducing the minimum building area requirement more than 5%, or changing the permitted use, of any specifically designated property shall be adopted by the City Commission until after a hearing thereon has been held by the Zoning Board, after notice as required hereinabove.
